

## ENGAGING SCHOOL COMMUNITIES

# IDEAS AND PROCESSES

1. Play [Archbishop Desmond Tutu on Ubuntu](#) and discuss:
  - a. What are the benefits of living the vision of Ubuntu?
  - b. How can it enhance our school community?
2. Use the reflection on Page 3 to share some of your highlights of the conference
  - a. Use pictures to walk people through each of the sentences in the reflection and share your own insights?
3. Have staff read through the Priorities (pgs 4-6) and discuss?
  - a. Which priority gives you most energy?
  - b. Which one could you see yourself/our school becoming involved with?
4. What can we gain and what can we give to EREBB?
  - a. What are the benefits to our community of linking “beyond borders”?
  - b. What are the “strengths” of our community that we would like to share with others?
5. Quiz: Using the map (pg 8) involve staff in a quiz about Edmund Rice schools globally. Information can be gained from [www.erebb.org](http://www.erebb.org) or contact [info@erebb.org](mailto:info@erebb.org)
6. EREBB Coordinating Group: Forming an EREBB Coordinating group in your school is a great way to involve interested people in engaging in global connections and education. This group can develop ways to integrate global education into school life and form connections with other ER schools.
