

Dear Parents/Guardians and Students (Year 12)

The table below outlines the amount of work completed in each subject during the course of this academic year (2019/2020) which has a direct impact on your son's GCSE grade. This takes the form of Controlled Assessment, coursework or end of year modules. You will see clearly the percentage weighting for each of these. Reminder:

Controlled Assessment: Set by Examination Boards and cannot be repeated (actual % goes directly towards GCSE)

Module: Successful grade essential due to high % weighting and content is not re-taught in 5th Yr)
