THE WORLD ISN'T JUST OUR PLANET, IT'S OUR HOME

Merino Group with its focus on building a healthy environment has taken various initiatives to conserve natural resources. We actively work towards reducing pressure on natural resources by adopting an effective pro-environment stance alongside adhering to eco-conservationist standards. Merino already fulfils 70% of its total energy requirement from renewable and green sources.

Merino strongly believes that the environment encircles social and economic well-being which has inspired Merino Group to follow a policy of **Environment First**.

The Group is continually making sustained efforts to adopt concepts, practices and principles of circular economy to create the necessary reduction, reuse and recycling of waste. Many initiatives have been taken, including collaboration with academia, across the following categories:

- Air quality and emissions
- Waste management
- Energy management
- Water management
- Agricultural practices & green activities

For further information on any of the above sustainable practices and principles please refer to www.merinolaminates.com

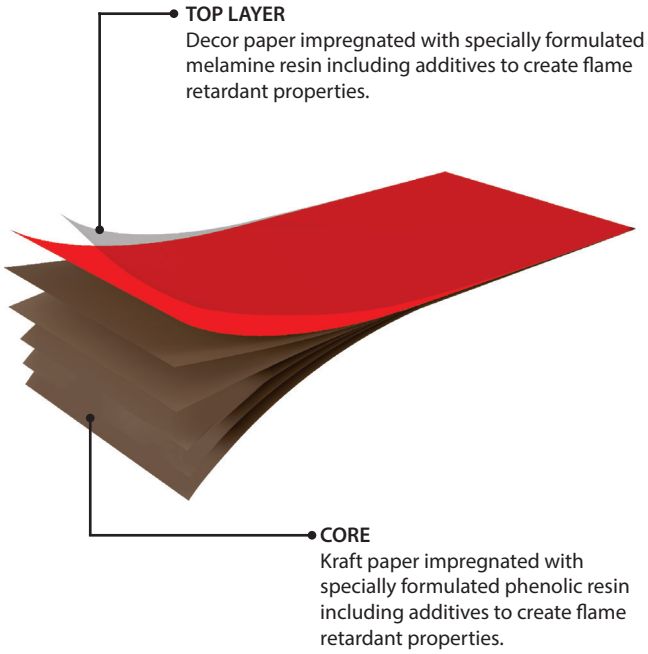
PLAIN COLOUR, WOOD & PATTERN

Merino FR+ Fire Retardant Laminate is tested in accordance with BS 476: Part 7. The product passes Class-1 Fire Rating (provided that fire retardant adhesive, backer and substrates are used).

Class-1 FR Laminates do not allow fire to spread further once the source is removed and extinguishes itself within a stipulated time, significantly reducing the risk of toxic smoke.

Merino are not liable for the Fire Rating of bonded products and components as this will vary depending on the materials used with Merino FR+. All combinations must be FR tested independently to meet specific requirements.

0.7mm thick, available in a standard 3050mm x 1300mm sheet size, across a range of 37 decors including plain colour, wood and pattern.



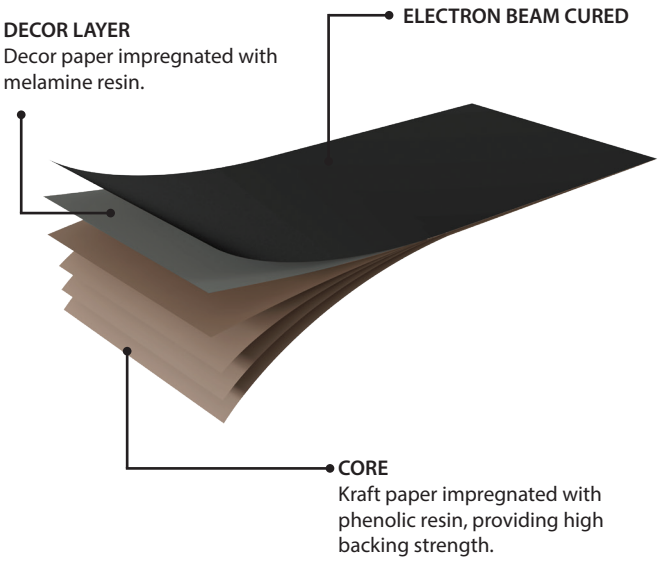
Lūvih

SUPER MATT ANTI-FINGERPRINT

Luvih is a Super Matt Anti-Fingerprint laminate engineered to create a luxurious satin smooth yet tough surface, suitable for horizontal and vertical application.

Highly resistant to fingerprints, grease, smudges, and with anti-bacterial properties, Luvih is hygienic and easy to clean.

0.8mm thick, across a range of 8 decors, available in 2 sheet sizes; 3050mm x 1300mm and 4300mm x 1550mm.



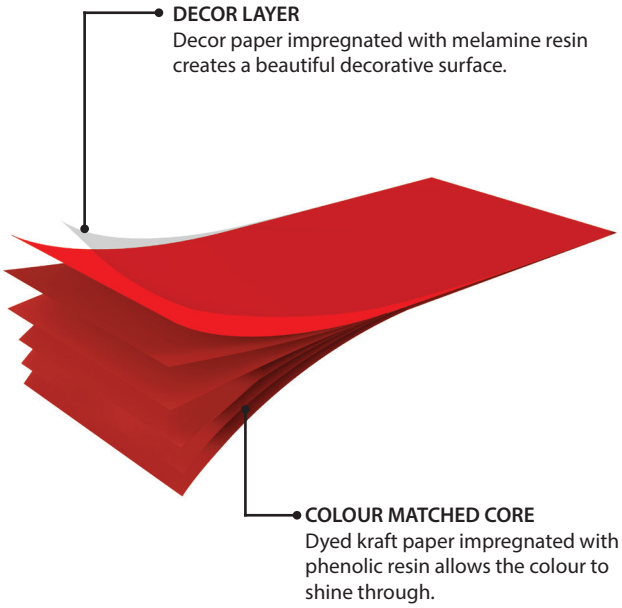
UNI+

THROUGH COLOUR

UNI+ laminate has been developed to leave no black edges. With one uniform colour throughout it offers colour consistency and inconspicuous edging detail, perfect for square edge applications.

Resistant to dry heat, impact and scratches to EN 438, UNI+ laminates will maintain their colour integrity.

0.8mm thick, available in 3 decors and 3050mm x 1300mm sheet size as standard.



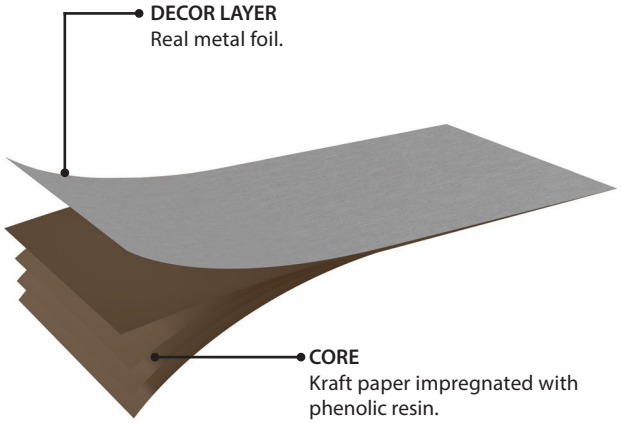
MERINO Metalam

METALLIC

Metalam laminate has a metallic foil surface, creating a highly desirable sheen.

Metalam combines the aesthetics of metal with the versatility of laminate. Designed for vertical applications.

0.8mm thick, available in silver and gold decors, 3050mm x 1300mm sheet size as standard.



MAGNETIC

Magnetic effect laminate can be used in a variety of vertical interior applications, such as dry-wipe boards.

The specially engineered stain resistant surface is hygienic and very easy to clean.

1mm thick, available in a single decor, and a 2440mm x 1220mm sheet size.

INSPIRE ◆ CREATE ◆ ELEVATE

60700401

Merino high pressure laminate is manufactured and tested to EN 438 (excluding performance of Metalam and Liner products). | Merino laminates should be processed and fabricated in accordance with the product specific Technical Guides provided. | Merino is not liable for the Fire Rating of bonded products and components as this will vary depending on the materials used with Merino FR+ Fire Retardant Laminate. All combinations must be FR tested independently to meet specific requirements. | The Protective Poly-coating should be removed before postforming. | Abrasive cleaners should not be used to clean Merino high pressure laminate as these may damage the surface and result in scratching. | Merino high pressure laminate should not be used for exterior application, exterior laminate is available on request. | Due to variations in the photographic and printing processes the colours shown on our website and printed marketing material may vary compared to the actual product, it is recommended that actual product samples are viewed prior to purchase. | We reserve the right to amend the specification of the products shown without prior notice.
