

New Shared Education Partnership

We are delighted to announce our new Shared Education partnership with Methodist College, Coláiste Feirste and Malone Integrated College. We look forward to working together to provide staff and students with the opportunity to engage in collaborative and meaningful learning experiences.

What is Shared Education?

Shared Education is the education together of students from different religious and / or socio-economic backgrounds.

What are the benefits of Shared Education?

Shared Education focuses on educational and reconciliation outcomes, enabling students to appreciate and celebrate diversity whilst enhancing their own knowledge and experiences. It promotes a culture of mutual understanding and inter-relationship through significant, purposeful and regular engagement and interaction in learning between pupils from different community backgrounds and between schools and their communities.
